

Call for Exhibition

AsiaHaptics is a new type of international conference for the haptics field, featuring interactive presentations with demos. AsiaHaptics welcomes all attendees connected with or interested in haptic hardware, human haptic perception, and other haptic applications around the world. AsiaHaptics will be held biannually to alternate with the World Haptics Conference.

The first conference, AsiaHaptics 2014, will take place November 18–20, 2014, at the International Congress Center, Epochal Tsukuba, in Tsukuba, Japan.

AsiaHaptics 2014 will host exhibits from haptics-related industries to give companies the opportunity to present live demonstrations of their products and contributions. AsiaHaptics also encourages exhibits of university research outcomes. A discounted rate is available for exhibits of new technology or preproduction samples based on university research.

Exhibit Dates

November 18–20, 2014

Expected attendance: 100 haptics professionals from around the world and 50 Japanese professionals who participate in the Haptics Tutorial Courses held at the same venue

Booth

Rates:

Regular: 150,000 yen per booth

Discounted: 75,000 yen* per booth for exhibits of preproduction samples based on university research

Each booth rental includes one ticket for the reception and one for the proceedings.

Organizing Committee Chair Contact Information

Hiroaki Yano

AsiaHaptics 2014 Organizing Committee Chair

University of Tsukuba

e-mail: yano@iit.tsukuba.ac.jp

tel./fax: +81-29-853-5062

Organizations and individuals wishing to exhibit products to the conference attendees should e-mail the exhibit profile form to Hiroaki Yano at yano@iit.tsukuba.ac.jp by August 20, 2014. Please send a follow-up e-mail to indicate the form has been sent.

Liability

The exhibitor understands that neither AsiaHaptics nor Epochal Tsukuba maintain insurance covering the exhibitor's property. It is the sole responsibility of the exhibitor to obtain such insurance.

*If you wish to exhibit your preproduction samples at the discounted rate, please attach a journal or conference paper presenting the research as evidence of the commercialization of a university research outcome. The committee will evaluate your eligibility for the discount and inform you of the decision.
