

AsiaHaptics 2016 (Kashiwanoha, Japan)

TUTORIAL

Perceptual Evaluation Methods for Haptics Research

Organized By:

Seungmoon Choi (POSTECH, Korea)

Shogo Okamoto (Nagoya University, Japan)

Motivation

- In haptics research, user-centered perceptual evaluation is necessary, especially because we are short of the medium that delivers the feel of touching.
- Asian haptics researchers often experience:

Great ideas and technologies

How to evaluate?

Papers get rejected...

Speakers

Seungmoon Choi
POSTECH
Korea

Shogo Okamoto
Nagoya University
Japan

Hong Z. Tan
Purdue University
USA

Scinob Kuroki
NTT
Japan

Program

Time	Topic	Speaker
15:00 – 15:40	Basic concepts, laws, and classical methods in psychophysics	Seungmoon Choi
15:40 – 16:20	Information theory	Hong Z. Tan
16:20 – 16:40	Break	
16:40 – 17:20	Perceptual space	Shogo Okamoto
17:20 – 18:00	Adaptation	Scinob Kuroki

More mingling at the reception (18:00 – 19:30)!
